FULL-STACK APPLICATION DEVELOPER

Experienced in Ruby on Rails and JavaScript-based programming. With a background in teaching and sports, I bring strong teamwork and creativity and a passion for learning new things and staying current with technology.

TECHNICAL SKILLS

JavaScript (ES6), React, Redux, Thunk, Ruby, Rails, SQL, HTML, CSS, Git

TECHNICAL PROJECTS

WHR Calculator - [Github](#)

Simple application to help people calculate their waist to hip ratio and find a personal trainer to help them get in shape as well as Personal Trainers to keep track of their client's information.

- Used the React library to build the user interface components
- Managed the application state with the Redux library.
- Implemented Thunk Middleware for asynchronous data retrieval from my Rails back-end API.
- Modeled custom database schema and REST API with Active Record, SQLite, and Ruby on Rails as back-end.

TCC App - [Github](#)

Application utilizing vanilla JavaScript to give daycare centers the ability to create classrooms and add students with their information.

- Modeled custom database schema and REST API with Active Record, PostgreSQL, and Ruby on Rails as backend.
- Coded in vanilla JavaScript, with bootstrap and CSS for styling.

Soccer Star - [Github](#)

This application has the idea of adding soccer players (professional or not) and be able to rate them from 1 to 5.

- Utilized MVC architecture on Ruby on Rails, rendering ERB views.
- Integrated Google Sign-In to manage OAuth and token lifecycle.
- Adopted the Representational State Transfer architectural style.

PROFESSIONAL EXPERIENCE

Timonium Children's Center

Baltimore, MD

Teacher and soccer coach

11/2016 - Present

- Helped other teachers taking care and teaching children, ages 0 to 5 resulting in happy and satisfied parents/clients.
- Designed and coached a year-long curriculum for soccer skills to a group of children, ages 2 to 5 while enforcing teamwork, respect, and confidence.

Ideal Fitness

Baltimore, MD

Personal Trainer

07/2018 – 05/2019

- Instructed a group of adults in physical activities promoting a better and healthier lifestyle.
- Led Bootcamp challenge fitness classes, after 4 weeks 90% of the people who accepted the challenge saw explicit weight loss and lean muscle gain, as well as a change in lifestyle behaviors.
- Designed and prescribed personal exercises to adults resulting in better performance and client satisfaction.

EDUCATION

Flatiron School

New York, NY

Full Stack Web Development, Ruby on Rails, and JavaScript programming Bootcamp

August 2021

Veiga de Almeida University

Rio de Janeiro, Brazil

Bachelor (BA) in Physical Education and Training

August 2013
